1. **Guiding Philosophy:**

- 1.1. Krea's approach to interwoven learning means that the campus and its facilities are an active component of the learning experience. We envision the campus to be a space which enables a spirit of collaboration, facilitates interaction and allows for open dialogue and exchange of ideas
- 1.2. Usage of the campus facilities should be seen as an opportunity to:
 - 1.2.1. Develop a sense of co-ownership, responsibility and respect for common resources while keeping in mind the interests of all current and future stakeholders of the campus
 - 1.2.2. Learn how to schedule and plan engagements and interactions in a manner that multiple interests for use of any specific facilities get catered to in the most efficient manner
 - 1.2.3. Develop an appreciation of constraints and rules that may be applied with a goal to serve the long term interest of all users and to ensure the continued availability of campus resources
- 1.3. The University hopes that all users will actively contribute to refinement of the process of use and also motivate addition of new resources and facilities
- 1.4. In keeping with its mission, Krea is absolutely committed to an environmentally friendly campus and expects all users of the campus to contribute to this effort
- 1.5. Krea aspires to set the standard in not only the quality of infrastructure and facilities but also in its commitment to creating a seamless experience for users and an environment friendly campus. In doing so, the University wants to ensure that all its users have a truly world-class experience and imbibe a high operating standard for provision and use of facilities in their professional and personal context
- 1.6. Krea urges every user to work with a goal to leave the campus and all its facilities in a better shape for future users in comparison to what they have experienced

2. **Approach:**

- 2.1. This policy is intended to establish certain processes and requirements for the use of University facilities and to facilitate the efficient, safe, and orderly use of such facilities and grounds, consistent with the University's mission.
- 2.2. The use of campus facilities is intended primarily for the students, faculty and administrative staff, guests of the University who will use it for purposes of education, training and extracurricular activities
- 2.3. Campus Administration may decide to offer certain parts of the campus infrastructure for use by external parties on a restricted basis. External

parties may use designated spaces of campus facilities only and they should not infringe upon, disrupt or create conflict with the operations and activities of the University

- 2.4. Permission to use a certain campus facility does not indicate any kind of endorsement, sponsorship, or support by the University of the views, opinions, programs, or activities of the users, speakers, presenters, or organizers in that event or program
- 2.5. This policy is in compliance with norms and laws pertaining to pollution control and electronic waste management
- 2.6. This policy should be referred to, in conjunction with the following other policies:
 - 2.6.1. Policy for Safety and Security
 - 2.6.2. Code of Conduct for Students
 - 2.6.3. Student Life Policy
 - 2.6.4. Policy and Process for Grievance Redressal - Students
 - 2.6.5. Policy and Process for Grievance Redressal - Employees
